	Word SlapPs Vocabulary	<p>Word SlapPs is used to teach vocabulary words specific to your child's world with images that you choose. Upload and save your images into customizable categories and pair them with your own recorded questions.</p>
	See.Touch.Learn	<p>See.Touch.Learn. is a picture learning system designed by professionals specifically for those with autism and other special needs. See.Touch.Learn. makes traditional picture cards obsolete. Parents and professionals use See.Touch.Learn. to build custom picture card lessons and automatically track their child's responses.</p>
	Survival Signs & Words	<p>Survival Signs and Words cover the basics of community independence and survival. The program includes 60 key survival signs and words such as: bus stop, cashier, do not enter, don't walk, exit, restroom, police, and many more.</p>
	Safety Signs & Words	<p>Some of the safety signs and words included in this program are: crosswalk, danger, do not eat, do not touch, fasten your seat belts, keep off, keep out, watch your step, and more.</p>
	Personal Social Skills - Workplace	<p>The Personal Social Skills application is designed to teach and reinforce basic social skills critical for independent living. For some, going on a shopping trip, using basic literacy skills, or understanding what to do when seeing a warning sign are very difficult tasks. The Personal Social Skills application provides easy-to-understand information that allows users to become more capable of functioning independently at work, at home, and in the community.</p>
	Responding Social Skills- Workplace	<p>Workplace Social Skills is a three-part system that covers the basics of social skills on the job. The three parts include Personal, Responding and Initiating Social Skills. Responding Social Skills includes: Listen and Respond to Others, Follow Directions, Understand the Feelings of Others, Handle Criticism, Respond to Peer Pressure, Solve a Problem, Deal with an Angry Person.</p>
	Initiating Social Skills - Workplace	<p>Workplace Social Skills is a three-part system that covers the basics of social skills on the job. The three parts include Personal, Responding and Initiating Social Skills. Initiating Social Skills includes: Greet Others/Start Conversations/Give Help, Introduce Self, Ask for Help/Assistance/Feedback, Give Directions, Join Others in Groups, Apologize/Excuse Self, Give a Compliment, Make a Complaint.</p>
	Everyday Social Skills	<p>Covering basic social skills needed for everyday activities in your community, Everyday Social Skills includes common daily activities such as walking down the street, using a restroom, waiting in line, asking for directions, asking for information and joining in a group. The program is simple and direct, and is a must for any social skills training program.</p>
	Pocket Pairs	<p>"Pocket SLP – Minimal Pairs" offers two different activities to help improve phonological processes. A "Receptive Mode" which requires students to identify which of the words in the pair contains their target sound(s) and an "Expressive Mode" where they are cued to say both words. Data tracking buttons are provided for therapists, parents, and teachers to enter whether the response was correct, incorrect, or approximate.</p>
	Pictello	<p>Pictello is a simple way to create talking photo albums and talking books. Each page in a Pictello Story can contain a picture, up to five lines of text, and a recorded sound or text-to-speech using high-quality voices.</p>
