Teacher Apps		
Icon	Title	Description
	Show me	ShowMe allows you to record voice-over whiteboard tutorials and share them online. To see examples of smart, entertaining, fun, and inspirational ShowMe's that other people have made, check out www.ShowMeApp.com.
	Educreations	Educreations turns your iPad into a recordable whiteboard. Creating a great video tutorial is as simple as touching, tapping and talking. Explain a math formula... Create an animated lesson... Add commentary to your photos... Diagram a sports play...With voice recording, realistic digital ink, photo imports, and simple sharing through email, Facebook or Twitter, now you can broadcast your ideas from anywhere
	Rover	Rover is a free education app and the only education browser for your iPad designed for teachers and students of all ages. Rover is targeted towards enhancing the K-12 education experience, bringing the best online learning content to your iPad- including access to content ordinarily available on the Apple tablet (e.g. Flash content).
	Puppet Pals	Kids and adults alike love the simplicity of puppeteering and voicing characters while creating movies to share. Simply pick out your actors and backdrops, drag them on to the stage, and tap record. Your movements and audio will be recorded in real time for playback later. This app is as fun as your own creativity. Act out a story of Pirates on the high seas, fight as scary monsters, or play the part of a Wild West bandit on the loose. You can even combine any characters however you want!
	Socrative – Teacher Clicker	Socrative brings smart clickers, student response and ease of use to a whole new level. Engage the entire classroom with educational exercises and games while capturing student results in real-time. Interact with the data to further student understanding in the moment, and review the reports to prepare for future classes. Socrative will even aggregate and grade your pre-made activities
	Socrative – Student Clicker	See all your classmates' ideas in real time and interact with the responses. Provide your instructor feedback on the lessons and how well you understand the material. Ask your own poll questions for the entire class or build a premade activity.
	Voicethread	Create and share dynamic conversations around documents, snapshots, diagrams and videos -- basically anything there is to talk about. You can talk, type, and draw right on the screen. VoiceThread takes your conversations to the next level, capturing your presence, not just your comments. Anyone can join the discussion from their iPhone, iPad, iPod touch, Mac or PC -- anytime, anywhere.
	Study Blue	Use text, pictures, and audio to create flashcards right on your iPhone or iPad; flip online flashcards for fast feedback on what you know, then re-study concepts you've not yet mastered using Study Filters. Review class notes or make flashcards whenever you have a minute to spare.
	Drop Box	Dropbox is a free service that lets you bring all your photos, docs, and videos anywhere. After you install Dropbox on your computer, any file you save to your Dropbox will automatically save to all your computers, your iPhone and iPad and even the Dropbox website! With the Dropbox app, you can take everything that matters to you on the go.

	Spelling City	VocabularySpellingCity is a fun way to learn spelling and vocabulary words by playing engaging learning games using any word list. The most popular activities are Spelling TestMe, HangMouse. The most popular word lists are Sound Alikes, Compound Words, Hunger Games and SAT Words. The free app includes ten of our most popular word lists and eight of our most popular learning games and activities.
	Scootpad	ScootPad is the ultimate way to engage students in mastering Common Core Standards and Concepts in MATH & READING with personalized, self-paced and stimulating practice. Students love ScootPad! Our data & research shows that students practice on average 5 times more problems on ScootPad than the traditional worksheets/paper.
	Confer Lite	Confer is a note taking app for teachers that lets you record and keep track of the notes you take on your students; both individually and in small groups. Confer enables you to take notes quicker and it lets you sort, group, and view your students in ways you just can't do with paper and pencil. Confer also lets you export and import you data via email, or upload it as a spreadsheet, so you can access your notes anytime, anywhere.
	Sound Note	SoundNote is the best way to take notes in meetings, lectures, and interviews. It tracks what you type and draw while recording audio, so you'll never worry about missing an important detail. During playback, just tap a word: SoundNote will jump right to the proper time in the audio.
	Daily Notes	Daily Notes converts your iPad into a beautiful and elegant journal, cased inside a leather jacket. Whether you want to take notes in meetings, record key points while reading a book or would like to just jot down your passing thoughts - this app is for you. The app is organized as a set of tabs, each tab having a page for every day. Create tabs for various aspects of your life, play with your favorite color themes/fonts and enjoy the pleasure of notes-taking with Daily Notes.
	Ever Note	Evernote is an easy-to-use, free app that helps you remember everything across all of the devices you use. Stay organized, save your ideas and improve productivity. Evernote lets you take notes, capture photos, create to-do lists, record voice reminders--and makes these notes completely searchable, whether you are at home, at work, or on the go.
	Itranslate	By combining voice recognition, machine translation and voice output iTranslate is the first app to make the legendary SciFi dream of a Universal Translator reality.
	Google Earth	Explore the same global satellite and aerial imagery available in the desktop version of Google Earth, including high-resolution imagery for over half of the world's population and a third of the world's land mass.
	Stack the states	Stack the States makes learning about the 50 states fun! Watch the states actually come to life in this colorful and dynamic game! As you learn state capitals, shapes, geographic locations and more, you can actually touch, move and drop the animated states anywhere on the screen. Carefully build a stack of states that reaches the checkered line to win each level.
	Stack the countries	Stack the Countries makes learning about the world fun! As you learn country capitals, landmarks, geographic locations and more, you can actually touch, move and drop the animated countries anywhere on the screen. Carefully build a stack of countries that reaches the checkered line to win each level.

	Keynote	Keynote is the most powerful presentation app ever designed for a mobile device. Built from the ground up for iPad, iPhone, and iPod touch, it makes creating a world-class presentation — complete with animated charts and transitions — as simple as touching and tapping. Use full-screen view to present right on your iPad, iPhone, or iPod touch.
	Pages	Pages is the most beautiful word processor you've ever seen on a mobile device. Create, edit, and view documents wherever you are. Use dictation in iOS 5 on your iPhone 4S to easily create and edit documents. Pages works with iCloud, so your documents stay up to date across all your iOS devices — automatically.
	Numbers	Enter data and explore results with sliders, steppers, pop-ups, and intelligent keyboards. Numbers works with iCloud, so your spreadsheets stay up to date across all your iOS devices — automatically.
	Pearson eText	With the Pearson eText app, book content is displayed with the highest quality fidelity to the print and online versions of the textbook. The Pearson eText app provides students and instructors with many of the same features available to web-based eText subscribers
	Whiteboard	Splashtop Whiteboard allows teachers and students to turn their iPad into an interactive white board. Once connected to their computer over Wifi, they can watch Flash media with fully synchronized video and audio, control PC and Mac applications then annotate lesson content all from an iPad.
	BrainPOP	For even more access to BrainPOP's award-winning content, choose an optional in-app subscription and enable kids to explore more than 750 Science, Math, Social Studies, English, Engineering & Tech, Arts & Music, and Health subjects right on their mobile devices. All movies are close captioned, so it's easy for them to read along.
	Doodle Buddy	Finger paint with thousands of colors and drop in playful stamps.
	Common Core	View the Common Core State Standards in one convenient FREE app! Quickly find standards by subject, grade, and subject category (domain/cluster). This app includes Math standards K-12 and Language Arts standards K-12. Math standards include both traditional and integrated pathways and synthesizes Language Arts standards with the Corresponding College and Career Readiness Standards (CCR's).
	Edmodo	Edmodo makes it easy for teachers and students to stay connected and share information. Use your iOS device to send notes, submit assignments, post replies, and check messages and upcoming events while away from the classroom. Teachers can post last-minute alerts to their students, keep tabs on recent assignment submissions, and grade assignments. Students can view and turn in assignments and check their latest grades.
	Itap	Remote desktop software that allows you to connect to your school's terminal server and supports sound.
